2026 EP Coding Webinars

Hosted by Johnson & Johnson MedTech, Electrophysiology

Physician coding: Thursday, February 12, 2026
Facility coding: Thursday, February 19, 2026
12-1:30pm PST | 3-4:30pm EST

2026 Updates in EP ablation coding and compliance

Physician coding
Thursday, February 12, 2026
12-1:30 pm PST I 3-4:30 pm EST

Register Now

- CPT coding description and RBRVS updates
- ICD-10-CM documentation considerations
- Case studies illustrating CPT® coding nuances
- Medicare National Correct Coding Initiative (CCI)

Facility coding
Thursday, February 19, 2026
12-1:30 pm PST I 3-4:30 pm EST

Register Now

- Updates to APCs and MS-DRGs
- New ASC ablation coverage and payment
- ICD-10-CM / ICD-10-PCS guidelines
- Inpatient, outpatient and ASC case studies

Learning objectives

1. Identify tools that support accurate coding and documentation
2. Consider appropriate updates to enhance efficiency and compliance
3. Understand updates to codes and guidelines for accuracy and compliance

Suggested participants

EP clinical, administrative and reimbursement teams:

- Physicians, nurses and other allied health professionals
- Department managers
- Coding, charge capture and HIM staff
- CDM management and revenue integrity teams
- Internal audit, documentation review and compliance staff

Course summary

These specialty-specific sessions offer participants a strong educational baseline in electrophysiology and ablation coding, documentation and reimbursement compliance.

Course features

- Latest information available: CPT®, ICD-10 and CMS updates
- Case Studies: EP ablation interventions
- Clinical documentation as the “driver” in correct code selection
- Tips for best practices, with emphasis on accuracy
- Post-conference Q&A, and advance questions welcome
- Approved for CE with AHIMA, AAPC, and ARRT
- These education activities will be submitted to Cardiovascular & Pulmonary Continuing Education (CaPCE) for approval of up to 1.5 contact hours (CE) of accredited education for each webinar
